Bob,

I agree with all 4. On your third item, 21.19(15) will also need to be amended so that it starts with a verb. On the fourth item, can we draft an amendment even though it hasn't yet been signed into law (although it passed unanimously everywhere it was considered)? Also, DMA has an amendment that they may want to piggyback onto this one.

I'll contact Sullivan's office and let them know that we think this is necessary.

Thanks.

Subject: RE: AB 400

Dick,

The possible changes that could be made to reconcile bills that are passed are:

1. Act 20 amended 21.37, but AB 400 repeals 21.37. No need to do anything?
2. Act 20 repealed 21.49 (2m), but AB 400 amends 21.49 (2m). Remove 21.49 (2m) from AB400?
3. Act 46 creates 21.19 (15). AB 400 does not have. Renumber new 21.19 (15) to 321.04 (1)?
4. Act ? (AB370) creates 21.015 (3). AB 400 does not have. Renumber new 21.015 (3) to 321.03 (1) (d)?

Those are what show up in our sections effective list.

Robin/Bob,

I saw that AB 75 was signed into law as Act 46. There's a provision in there (Section 1) that will need to be renumbered and amended to fit into the duties of the Adj. Gen. under the new ch. 321. Also, I think Larry Olsen may have a change he wants to make to AB 400, regarding military staff of the Governor. Were there any other Acts that affect ch. 21 that we might want

* to address in the amendment?

Thanks.

Bob,

Would you be able to do an amendment to AB 400 that includes Larry's change from below, as well as the 3 reconciling amendments that we traded e-mails on earlier in the week?

Thanks.

Dick

I have listed the required change below. Have no idea how I missed these two and did change the assistant adjutant generals. Have any questions please call.

21.18 (1) (b) & (c) would read:

"A deputy adjutant general for army, whose rank may not exceed brigadier general, unless selected for a military position requiring federal recognition as a major general."

"A deputy adjutant general for air, whose rank may not exceed brigadier general, unless selected for a military position requiring federal recognition as a major general."

This matches the changes and language we made for the two assistant adjutants general for army and assistant adjutant general for air during the re-cod process.

If you are looking at AB400 the above will be renumbered Chap 321.10 (1) (b) & (c) as indicated on page 30 lines 13 & 14.

AN ACT to create 21.19 (15) and 45.03 (21) of the statutes; relating to: assistance for veterans affected by depleted uranium.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 21.19 (15) of the statutes is created to read: *(321004 (1) (r)) Assist*

~~21.19 (15) The adjutant general shall assist national guard members who may have been exposed to depleted uranium in obtaining the best practice health screening test from the federal department of veterans affairs to test for exposure to depleted uranium using a bioassay procedure involving methods sufficiently sensitive to detect depleted uranium at low levels.~~

SECTION 2. 45.03 (21) of the statutes is created to read:

~~45.03 (21) DEPLETED URANIUM; ASSISTANCE TO VETERANS. The department shall do all of the following for veterans who may have been affected by exposure to depleted uranium while on active duty:~~

~~(a) Assist veterans who may have been exposed to depleted uranium to obtain the best practice health screening test from the federal department of veterans affairs to test for exposure to depleted uranium using a bioassay procedure involving methods sufficiently sensitive to detect depleted uranium at low levels.~~

~~(b) With the assistance of the department of military affairs, provide information to veterans upon their discharge from active duty regarding the health and safety issues concerning depleted uranium exposure, including~~

the types and efficacy of tests to detect depleted uranium exposure, the treatments available for veterans affected by exposure to depleted uranium, and the federal and state benefits that are available for veterans exposed to depleted uranium.

(c) Provide information to departmental staff, interested veterans organizations, health care providers, and county veterans service officers regarding the effects of depleted uranium exposure, the detection programs that are available to determine if a veteran has been exposed to depleted uranium, the federal treatment programs that are available to veterans who may have been exposed to depleted uranium, and the federal and state benefits that are available to veterans who have been exposed to depleted uranium.

(d) Create information on the Internet about the health effects of depleted uranium exposure, the detection programs that are available to determine if a national guard member or veteran has been exposed to depleted uranium, the federal treatment programs that are available to those who may have been exposed to depleted uranium, and the federal and state benefits that are available to those national guard members or veterans who have been exposed to depleted uranium.

SECTION 3. Nonstatutory provisions.

(1) DEPLETED URANIUM STUDY COMMITTEE. There is created a depleted uranium study committee, which shall consist of one member appointed by the senate majority

Legislative Reference Bureau

This listing is compiled from the enrolled bills and joint resolutions passed by the Legislature. The Legislative Reference Bureau makes a reasonable effort to provide a complete and accurate listing, but assumes no responsibility or liability for possible errors or omissions.

The first table is intended to record **whole-numbered** statute sections affected by 2003 Wisconsin Acts in regular and special sessions. Some whole-numbered statute sections, though last printed in the statutes of 1919, continue in force today.

The second table shows, in the ascending order of the **decimal-numbered** statute sections affected by 2003 Wisconsin Acts, the changes enacted by the 2003 Legislature in its regular and special sessions. In addition, this table contains references to decimal-numbered statute sections affected in prior legislative sessions which have delayed effective dates beginning after January 1, 2003, and decimal-numbered statute sections affected by Supreme Court Orders effective beginning on January 1, 2003.

Changes in nonstatutory **session laws** resulting from 2003 enactments are shown separately following the table of statute section numbers. A final table shows the **constitutional amendments** approved by the 2003 Legislature on *first consideration* for review by the 2005 Legislature, constitutional amendments approved by the 2003 Legislature on *2nd consideration* for submission to the electorate, and statewide **referendum questions** for submission beginning with the 2003 spring election.
